

# Blessing Our Clinic

On May 8th, Mother's Day, Bishop Foys came to the Rose Garden Center for Hope and Healing, and blessed our newly donated ultrasound machine that was given to us by the Knights of Columbus of Northern KY, and the soon to open free medical clinic for the uninsured. Bishop Foys had some very nice words for the Franciscan Daughters of Mary, of how they are a blessing to this diocese and that he is grateful for their presence and the work they do through their Mission.

## Some of Our Volunteer Medical Staff

In trying to follow Jesus' footsteps, they lead me to volunteer at the Rose Garden Mission and Center for Hope and Healing. Each time I come in, I find Him here, so I keep returning.

Sheila Carroll, ARNP  
Director  
Rose Garden Center for  
Hope & Healing

I love the Rose Garden and the people I work with. I get a lot more from the friends and neighbors we see than I could ever give to them. It gives me great satisfaction being able to help.

Earlene Barker, ARNP

I help at the Rose Garden to help the underserved in the area. While many people are discussing the need for healthcare for underserved, I am using my skill to do something about it. I believe that everyone should have an opportunity to get medical care—whether they can afford it or not.

Joan Ziegelmeyer, ARNP

I love working at the mission because it is WHY I became a nurse. I love taking time to care for people that just need someone to care. What an honor to share in their lives and have the privilege to be there for them. We can make a difference and the only credentials you really need is to care. I do.

Deborah A. Truesdell RN BSN CCRN

I was always impressed with the love at the mission. God asks us to build the culture of life, the life given us all by Him. Volunteering at the Mission, I am aligning my will to His and helping those who need what I can offer
